

## BROKEN HILL MOUNTAIN BIKE CLUB RACE WRITE UP

The 18<sup>th</sup> of March saw the Broken Hill Mountain Bike Club hold its second race of their series, it was held at their Wentworth road track the riders were greeted with quite a warm day for racing and quite a nasty circling wind, which seemed to be in the riders face for about 80 percent of the lap. With the circling wind this made an extra battle for the riders to contend with. Following on from the terrific role up of female junior riders in the first race, the club has decided to add an extra category to the racing in forming a female junior category allowing the young lady riders the chance to compete against themselves for overall prizes

On to the action in the juniors Gabe Zammitt rode a very strong ride close on the heels of the top junior boy riders terrific riding Gabe. The sibling rivalry of Alexis and Kirstie Lenton was on for top honours in the female juniors, on the day Alexis just bet her sister Kirstie by a minor 6 seconds with Amanda Keast taking out third place great riding girls and keep up the rivalry. In the women's category the ever improving Jo Lenton rode the optional third lap and came home in a great time of 55.56 terrific effort Jo. Having just joined the sport men category Bronwyn lees gave the boys a run for their money setting an absolute blistering pace and being in the top 8 riders at the end of the first lap, this set up a challenging and interesting chase for the remaining riders in the category, Tony Hepburn was the leader of the chasers riding strong consistent laps to try and catch Bron, unfortunately to no avail. Senior men saw Dave the freak Clarke prevail once again however a tight battle was going on behind for the minor placings , in the form of Jason Attard and Joel Ryan both riders hot on the heels of Clarke, unfortunately Dave had just enough lead on the boys to hold them off terrific riding guys.

<b>Female Juniors</b>	<b>lap 1</b>	<b>lap2</b>	<b>lap3</b>
Alexis Lenton	29.31		
Kirstie Lenton	29.37		
Amanda Keast	39.55
