

Broken Hill Mountain Bike Club race write up

Last Sunday the Broken Hill Mountain Bike Club held their monthly race at their nine mile road course, the track was fairly hard packed with the usual sandy creek crossings to test the riders out also with the weather on their side and the advantage of a tail wind for about half the lap the conditions were almost ideal for mountain bike racing.

The club welcomed medical student Anna Cunningham for her first race with the club she showed the ladies how it's done by taking out the win in the womens category, congratulations Anna we hoped you enjoyed the race. The junior ladies saw the sisterly rivalry continue with Kirstie taking the victory over her sister Alexis Lenton with Amanda Keast taking out third position well done girls great riding. The junior men saw Cec Fraser have a unlucky mechanical mishap, this allowed Jason Limbert to break away from Cec and take out the victory by a couple of minutes with Corey Zammit coming home in third place excellent effort boys.

The senior men saw Benny the burglar live up to his name he was riding a borrowed / stolen bike and in the last lap broke away from David Lyle to steal the win. Excellent riding Benny, Jason Lyall rounded out the top three. The sport men saw the rivalry between Tony Hepburn and Royce Beck continue both men were pushing each other to their limits, however coming out of the creek on the third lap Royce made the break and although Tony did peg back some time, Royce had the fresher legs going on to take the category honours AJ from team Epic rounded out third position.

A big thank you to Shelley and Dave for setting up the track before going to work much appreciated guys, thank you must go to everybody that helped on the day with timekeeping and packing up after the race, excellent guys, and thank you also to the St Johns volunteers for attending.

Results

Juniors	lap1	lap2	lap3
Boys			
Jason Limbert	13.26
